RERA Brief

➔ *RERA Regulations notified by Tamil Nadu*

The regulations by Tamil Nadu Real Estate Authority have been notified after a year of its coming into place. These RERA Regulations also cover the Andaman & Nicobar Islands. These Regulations outline the procedures that are to be followed regarding registration of housing projects, grievances by the home buyers and examination of cases. As per the regulations, complainants can inspect the records of the ongoing or concluded cases with the real estate authority. Strangely according to the notified regulations, those inspecting the records, should not record or take notes of the documents. Regulations states that no electronic gadgets are allowed inside the record room. In the court hall or in any hearing before the authority or the adjudicating officer, no cell phone or any other electronic gadget can be used or operated.

➔ *Builders to be blacklisted in case of non-registration: Bihar RERA Chairman*

As per the notice given by RERA Bihar from 1st June 2018 the charges for late registration by the developers would be with a late fee of Rs 3 Lakh or 300% of the registration amount, whichever is higher. This late fee charges will be in effect till 30th June. According to reports, Chairman of Bihar RERA, at a press conference recently stated that the building projects not registered under Real Estate (Regulation and Development) Act, 2016 till June 30 deadline will be blacklisted.

RERA member Rajiva Bhushan Sinha said the list of blacklisted firm would be circulated to all RERAs in India so that they would not be able to form a company in any part of the country.

➔ *West Bengal notifies its own real estate law – West Bengal Housing Industry Regulation Act*

The state of West Bengal has notified its own law relating to the Real Estate Regulations Act, West Bengal Housing Industry Regulation Act. This act is set to cover the Real Estate and housing sector. The state had drafted the RERA Rules last

year on the lines of the central RERA Act but notified its own Housing Act now in June 2018.

As per news reports the West Bengal act has still not got the presidential assent that is essential; for its enactment. Section 254 of the Constitution specifies that if any provision of a law made by state legislature is repugnant to any provision of a law made by Parliament then the law made by Parliament shall prevail.

There are two major dilutions of RERA in the new law notified by the West Bengal Banerjee government. The first is on unforeseen circumstances that prevent a builder from fulfilling his contract. RERA says the circumstances could be war, flood, drought, fire, cyclone, earthquake or any other calamity caused by nature where HIRA makes an addition to the clause "...or any other circumstances as may be prescribed."

The second deviation is on garages. While RERA requires a roof and walls on three sides, HIRA has removed the clause altogether and defined garage as any parking space sanctioned by the government authority.

RERA Case

➤ *Maha RERA to have jurisdiction even where Agreement for Sale is cancelled prior to Real Estate (Regulation and Development) Act, 2016*

An order was passed by the Real Estate Regularity Authority on 4th June stating that even though the Agreements for Sale was cancelled by the Respondent before the Real Estate (Regulation and Development) Act, 2016 came into force, the Authority would have jurisdiction to hear and adjudicate such complaints as the consideration paid by the Complainants was still in possession of the Respondent.

It was held that though the Agreements for Sale was cancelled by the Respondent before the RERA came into force in May 2016, the consideration paid by the Complainants was still with the Respondent, the Authority has complete jurisdiction to hear and adjudicate the complaint.

The Complaint was disposed of by the MahaRERA stating that the MahaRERA had jurisdiction over the present dispute as the project is registered with MAHA RERA and if the Complainants chose to continue, both parties should execute the Agreements for Sale in accordance with Section 13 of the RERA and in addition, do so within 45 (forty-five) days from the date of the Order.

Litigation Brief

➤ *Is Registration A Prerequisite To Be Identified As A "Supplier" Under Micro, Small And Medium Enterprises Development Act, 2006?*

Case: *M/S Ramky Infrastructure Private Limited Vs Micro and Small Industries Facilitation Council & Anr (Before High Court of Delhi)*

Issue: Whether the Micro and Small Enterprises Facilitation Council ("the Council") had the jurisdiction to entertain the reference under Section 18 of the Micro, Small and Medium Enterprises Development Act, 2006 ("the Act") as the dispute was regarding the execution of the contract in 2010 during which the supplier (Respondent No. 2) was not registered under Section 8 of the Act?

Facts:

- ≡ The Petitioner in the present case had filed a petition before the Hon'ble Delhi High Court questioning the direction given by the Council whereby the disputes between the Petitioner and Respondent No. 2 were referred to arbitration under Section 18 of the Act.
- ≡ The Petitioner, a company specialising in infrastructure development, had entered into a contract with Respondent No. 2 regarding certain civil work at Petitioner's project at the Delhi International Airport. The Respondent No. 2 claimed that despite several reminders, the Petitioner did not compensate them for the work conducted as per the contract.
- ≡ In 2015, Respondent No. 2 registered itself as a 'Service Enterprise' for Civil Construction under the Act. And soon after made a reference to the Council under Section 18 of the Act making a claim for the pending dues owed to them by the Petitioner. The Petitioner failed to appear and represent itself before the Council despite being served multiple notices.
- ≡ It was only in 2016 that the Petitioner decided to be a part of the conciliatory meetings conducted by the Council. Soon after the Council ascertained that it would not be able to adjudicate over the matter and referred it to Delhi International Arbitration Centre ("**DIAC**"). On receiving a notice from DIAC, the Petitioner filed an application under Section 16 of the Arbitration and Conciliation Act, 1996 questioning the arbitral tribunal's jurisdiction over the matter.

Observations:***The Hon'ble Court went through all the relevant sections of the Act:***

- ≡ Section 16 mandates that the buyer would be liable to pay compound interest with monthly rests to the supplier on the amount from the appointed date or the date immediately following the date agreed upon at three times of the bank rate notified by the Reserve Bank.
 - ≡ Section 17 provides for the recovery of the amount due for any goods supplied or services rendered by the supplier to the buyer.
 - ≡ Section 18(1) enables the parties to refer the disputes under Section 17 to the Council. The obligation contemplated under Section 17 of the Act relates to the liability of a buyer and is only with respect of goods supplied or services rendered by a 'supplier'.
- ❑ It was observed that the definition of the term 'supplier' under Section 2(n) of the Act is an exhaustive one. If an enterprise is classified as a micro or a small enterprise within the scope of Section 7(1)(a)(i) and (ii) & Section 7(1)(b)(i) and (ii) of the Act and has filed the Memorandum under Section 8(1) of the Act, it would fall within the definition of a supplier. It was held that Respondent No. 2 falls within the definition of the micro/small /medium enterprise under the said provisions of the Act.
- ❑ The final issue was whether it was mandatory for a micro/small/medium enterprise to file the Memorandum under Section 8(1) of the Act in order to fall within the definition of a supplier under Section 2(n) of the Act.
- ❑ The Hon'ble Court observed that Section 2(n) of the Act indicates that it is in two parts. The first limb defines a supplier to mean a micro or small enterprise which has filed a memorandum with the authority referred to in Section 8 (1) of the Act and the second limb refers to (i) National Small Industries Corporation; (ii) the Small Industries Development Corporation of a State or a Union territory; and (iii) a company, co-operative society, trust or a body engaged in selling goods produced by micro or small enterprises and rendering services which are provided by such enterprises. The two limbs are required to be read together to exhaust all categories.

- ❑ The second limb which specifies three categories to fall within the definition of the term supplier is in addition to the category of small and medium enterprises that have filed the Memorandum under Section 8(1) of the Act. And, thus, the Respondent No.2 fell within the definition of micro/small/medium enterprises even during the material time (2010) when the contract was entered between the Petitioner and Respondent No. 2.
- ❑ The Court, therefore, held that Respondent No. 2 being engaged in supply of services rendered by a micro/small enterprise would fall within the fourth category of entities under the definition of supplier in Section 2 (n) that includes a company, co-operative society, trust or a body engaged in selling goods produced by micro or small enterprises or rendering services provided by such enterprises. It is not necessary for such entities to have filed the Memorandum under Section 8(1) of the Act.

Held: It was held that an entity which falls within the definition of the micro/small/medium enterprise will be treated as a 'supplier' under Section 2(n) of the Act even if it has not filed a Memorandum for Registration as required under Section 8(1) of the Act.
